Add customizable tags to sticky notes to make it easier to find, browse, organize, and categorize important ideas in Kanban within your board.

Step-3 : Idea Prioritization

4

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

30 minutes

Importance

Each of these ideas could get done without any effort or cost, which would have the most positive impact.

Feasibility

Regardless of their importance, which ideas are more feasible than others? (Cost, time, effort, complexity etc.)

TP

Points can use their own color to group all ideas in the grid. The feasibility can be used to group all ideas in the grid. The importance can be used to group all ideas in the grid.
